Rules Relating to Discipline of Attorneys—Kansas Rules of Professional Conduct—Confidentiality of Information; Licensed Social Worker Employed by Law Firm. Phyllis Gilmore, Executive Director, Behavioral Sciences Regulatory Board, Topeka, July 3, 2001.

With limited exceptions, a lawyer has a duty to maintain confidentiality of information relating to representation of a client. A lawyer should give nonlawyer assistants appropriate instruction and supervision concerning the ethical aspect of their employment, particularly regarding the obligation not to disclose information relating to representation of the client. A licensed social worker has a duty to report suspected child abuse or neglect, and should comply with the requirements of the mandatory reporting law. A lawyer who employs or contracts with a social worker to assist in representation of a client should inform the client of these potentially conflicting duties and allow the client to decide whether to proceed with the use of a social worker in the case. Public Health—Home Health Agencies—Operation of Home Health Agency; Background Check of Employees. Clyde D. Graeber, Secretary, Kansas Department of Health and Environment, July 12, 2001.

The Kansas Department of Health and Environment (KDHE) may notify an operator of an adult care home or home health agency if a person's juvenile criminal history record information would or would not prohibit employment of that person under K.S.A. 39-970 or K.S.A. 2000 Supp. 65-5117, both as amended by L. 2001, Ch. 197, but may not release the specifics of such information. In addition to juvenile adjudication information, upon KDHE's written request for criminal history record information to conduct records checks of employees of adult care homes or home health agencies, the Kansas Bureau of Investigation may provide any conviction information in its possession that would be available to the public generally. KDHE must then provide such information, absent the juvenile adjudication information, to an operator of an adult care home or home health agency pursuant to K.S.A. 39-970 and K.S.A. 2000 Supp. 65-5117, as amended. An operator receiving such criminal history record information may release a copy of the information received from KDHE to another operator in accordance with subsections 1(j) and 2(j) of L. 2001, Ch. 197 without violating the confidentiality requirements of subsections 1(f)(5) and 2(f)(5). State Boards, Commissions and Authorities—Law Enforcement Training Center, Training Commission—Definitions; Certification Requirements for Certain State, County and City Employees. Ed H. Pavey, Director, Kansas Law Enforcement Training Center, Hutchinson, July 26, 2001.

An employee of a city, county or state law enforcement agency who is not authorized to perform law enforcement duties in that capacity does not fall within the definition of "police officer" or "law enforcement officer" under the Kansas Law Enforcement Training Act when that employee works as a volunteer for the same agency during the employee's off-duty hours as a reserve police or law enforcement officer, and in the employee's volunteer capacity works to prevent or detect crime and enforce criminal or traffic laws. Whether certain acts by a person employed by a city or county solely to perform correctional duties related to jail inmates and the administration and operation of a jail fall within the correctional duties exemption provided by K.S.A. 2000 Supp. 74-5602(e) depends on the specific facts surrounding those acts. The conclusions stated in Attorney General Opinion No. 79-104 are affirmed. Cited herein: K.S.A. 2000 Supp. 74-5602, as amended by 2001 SB 205, § 13; K.S.A. 75-5202; L. 1985, Ch. 258, § 1; L. 1982, Ch. 322, § 2; L. 1973, Ch. 331, § 1. DMV

Schools—Weapon-Free Schools—Policies Requiring Expulsion of Pupils for Possession of Weapons, Adop-

tion, Filing; Hearings; Modification of Requirement Authorized. Jeffrey L. Griffith, Legal Counsel, Unified School District No. 260, July 26, 2001.

Subsection (e) of K.S.A. 2000 Supp. 72-89a02 allows the superintendent of a public school to deviate from the expulsion requirement of a unified school district's weaponfree schools policy when federal law mandates other types of actions be taken before the pupil is subjected to expulsion for violating the policy. The provision does not conflict with the hearing procedure set forth in K.S.A. 2000 Supp. 72-8901 et seq., but rather is an additional step in the hearing process. A pupil retains the right to appeal to the board of education the expulsion imposed by the hearing officer or committee appointed by the board of education to conduct hearings regarding alleged violations of the school district's weapon-free schools policy. Opinion 2001-36

State Boards, Commissions and Authorities—Behavioral Sciences Regulatory Board—Powers, Duties and Functions of Board; Subpoena Powers.

State Boards, Commissions and Authorities—Regulation of Psychologists—Privileged Communications; Exceptions. Phyllis Gilmore, Executive Director, Behavioral Sciences Regulatory Board, Topeka, August 27, 2001.

The Behavioral Sciences Regulatory Board's investigative subpoena power comports with established principles of law as determined by the Kansas Supreme Court. Initially, authority to issue any investigative subpoena is triggered only by board receipt of a written complaint or other reasonably reliable written information. The statute authorizing the board to issue an investigative subpoena then limits the board to seeking documents that relate to practices which may be grounds for disciplinary action, *i.e.*, an inquiry that the board is authorized to make. Further, any documents sought must be described with sufficient particularity and must be reasonably relevant to the allegation that is the subject matter of the investigation.

Through its 2001 amendments to the board's subpoena authority statute, the Kansas Legislature affirmed the overriding value of protecting the public from "unscrupulous, immoral or incompetent" psychologists by explicitly providing the board with investigative subpoena authority that overrides a client's interest in the confidentiality of records maintained by a psychologist. This was accomplished in a manner that would, however, protect the records from further disclosure absent narrowly defined exceptions.

In response to specific questions posed:

- (a) Assuming statutory requirements regarding grounds for disciplinary action, relevancy and particularity are met, the board is authorized to issue an investigative subpoena for psychological records (1) of a client that are maintained by a psychologist who is *not* the subject of a board investigation and (2) of a psychologist's client when that psychologist is under investigation in relation to a different client. A psychologist is not required to obtain a client's written, informed consent prior to disclosing client records in response to a board-issued investigative subpoena.
- (b) Assuming that the board makes the appropriate application before a court of competent jurisdiction for a

disclosure order, the court finds good cause for such an order, and a board-issued subpoena complies with statutory requirements regarding grounds for disciplinary action, relevancy and particularity, the board would be able to access drug or alcohol abuse patient records maintained in a federally assisted drug or alcohol abuse program.

(c) Assuming that the board complies with requirements specified in the federal Standards for Privacy in relation to administrative proceedings regarding notice and an attempt to secure a qualified protective order and a board-issued subpoena complies with statutory requirements regarding grounds for disciplinary action, relevancy and particularity, the board would be able to access health information records, including psychotherapy notes, concerning an individual that are maintained by a health care provider, such as a psychologist. Water and Watercourses—Clean Drinking Water Fee—Water Sales Subject to Tax or Fee. Representative Tom Sloan, 45th District, Lawrence, August 27, 2001.

House Substitute for Senate Bill No. 332 (SB 332), enacted by the Legislature during the 2001 session, provides municipal and public water supply systems, such as a groundwater management district, a rural water district or a water supply district, a one-time irrevocable choice: either to pay a new clean drinking water flat fee on water sales, or "opt out" of the new fee and continue to pay state sales tax on their purchase of tangible personal property and services. The choice between the fee or the sales tax must be made by October 1, 2001, by notifying the Kansas Department of Revenue and the Kansas Water Office. If an election has not been made by October 1, 2001, the clean drinking water fee will automatically be assessed. Additionally, SB 332 prevents municipalities and public water supply systems from prohibiting the installation of a separation water meter for each dwelling unit in a building containing multiple dwelling units and the bill provides an exemption from sales tax on connection and reconnection fees, benefit unit fees, and system enhancement fees or similar fees collected by a water supplier as a condition for establishing service. Cities and Municipalities—Public Recreation and Playgrounds—Recreation Commission; Powers of Recrea-

tion Commission; Annual Budget; General Fund Budget; Capital Improvement Fund; Acquisition of Real Property. John J. Vratil, Legal Counsel, Unified School District No. 229, Overland Park; Stephen T. Adams, Legal Counsel, Blue Valley Recreation Commission, Overland Park, August 27, 2001.

The conclusions expressed in Attorney General Opinion No. 2001-1 are based on a reading of K.S.A. 2000 Supp. 12-1928 and 12-1935 together and are not intended to apply to any recreation commission other than the Blue Valley Recreation Commission (Blue Valley). We continue to believe that, while the Legislature has authorized Blue Valley to purchase real property, expenditures for such may be made only from Blue Valley's capital improvement fund, establishment of which is subject to voter approval. The one-mill levy assessed for the capital improvement fund is in addition to the four mills that may be levied pursuant to K.S.A. 2000 Supp. 12-1927. Costs of projects previously payable from monies in Blue Valley's general fund, but which are listed among the types of projects payable from the capital improvement fund, may be paid from monies in either the general fund or the capital improvement fund. Any language in Attorney General Opinion No. 2001-1 indicating a different conclusion is hereby withdrawn. Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 9 a.m. Tuesday, December 4, in the second floor conference room of Memorial Hall, 120 S.W. 10th Ave., Topeka, to consider the revocation of administrative regulations pertaining to the Crime Victims Assistance Fund and the Protection From Abuse Act.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the office of the Attorney General, Crime Victims' Rights Division, 2nd Floor, Memorial Hall, 120 S.W. 10th Ave., Topeka, 66612-1597. All interested parties will be given a reasonable opportunity to present their views orally on the revocation of the regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statements in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Cassie Douglas at (785) 291-3690 or TTY 1-800-766-3777. Handicapped parking is located in the alley running along the east side of Memorial Hall. The south entrance to the building is accessible to individuals with disabilities.

These regulations are proposed for revocation on a permanent basis. A summary of the proposed revocations and their economic impact follows.

K.A.R. 16-7-1 through 16-7-9 establish application deadlines, application requirements, application review criteria, notification of decision requirements, funding limits, limitations of use of funds and requirements of the grant review committee for the Crime Victims' Assistance Fund (CVAF).

The regulations were approved in 1989 and have never been updated. All of the pertinent information has long since been incorporated in the policies and procedures of the Crime Victims' Rights Division of the Attorney General's Office, which distributes the grant funds. The regulations are not required, are no longer necessary, and serve as a hindrance to the development of new and innovative grant distribution procedures. The regulations are not mandated by federal law; therefore, the regulation does not exceed the requirements of federal law. There is no significant impact to state agencies, employees, subgrantees or the general public.

K.A.R. 20-8-1 through 20-8-4, 20-10-1, 20-10-2, 20-11-1, 20-11-2, 20-13-2 and 20-13-3 state the general requirements, staff qualifications, program requirements, application deadlines, application requirements, grant review, notification of decision, annual reports and funding limits for the Protection From Abuse (PFA) Fund.

The PFA fund is authorized by K.S.A. 74-7325 (2000 Supp.) and most of the requirements regarding eligibility are contained within the statute itself. The regulations associated with the statute were approved in 1984 and have not been updated since 1986. The regulations do not reflect the fact that the PFA fund is no longer administered by the Crime Victims' Compensation Board. The terminology used in the regulations is outdated and no longer reflects the policies and procedures utilized to administer the fund. The regulations are not required, are no longer necessary, and serve as a hindrance to the development of new and innovative grant distribution procedures. The regulations are not mandated by federal law; therefore, the regulation does not exceed the requirements of federal law. There is no significant impact to state agencies, employees, subgrantees or the general public.

Copies of the regulations and their economic impact statements may be obtained from the office of the Attorney General, Crime Victims' Rights Division, at the address above, 1-800-828-9745.

State Bank Commissioner

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Tuesday, November 20, in the conference room of the Office of the State Bank Commissioner, Suite 300, 700 S.W. Jackson, Topeka, to consider the adoption of revised Kansas Administrative Regulation 17-24-2. The regulation proposed is for adoption on a permanent basis.

K.A.R. 17-24-2 will establish fees associated with the licensing of mortgage company branch offices, as well as the registration of individuals engaged in mortgage business in the State of Kansas as loan originators. Currently, K.A.R. 17-24-2 only establishes the fees associated with an application for, or renewal of, a mortgage business certificate of registration. The Kansas Legislature recently passed House Bill 2481, which made substantial changes to the Kansas Mortgage Business Act (K.S.A. 9-2201 et seq.). On November 1, 2001, when such statutory changes take effect, a separate license will be required for every mortgage business location, including branch offices.

Additionally, any individual engaged in the business of originating mortgage loans will have to be registered with the Office of the State Bank Commissioner (OSBC). The proposed changes to K.A.R. 17-24-2 are necessary to allow the OSBC to recoup the actual costs associated with increased regulatory oversight and the administration of the Kansas Mortgage Business Act's expanded licensing structure. The OSBC currently has approximately 353 entities registered as mortgage companies. Beginning November 1, 2001, the OSBC estimates that it will be required to license an additional 800 branch office locations and register approximately 4,000 loan originators. The revisions made to K.A.R. 17-24-2 are necessary to finance

the OSBC's increased statutorily defined responsibilities under Kansas law.

Since 1996, when the OSBC assumed regulatory authority over persons engaged in mortgage business in Kansas, the industry has grown dramatically. The OSBC has analyzed the current fixed labor costs and other costs of regulating mortgage business activity in Kansas and has estimated that it will cost an additional \$275,000 per year to fully implement the expanded licensing structure and increased oversight responsibilities contemplated by 2001 House Bill 2481. That figure includes, but is not limited to, costs for additional financial examiners and administrative personnel; application processing costs, criminal background and credit report checks; employee training costs; and licensee examinations and enforcement actions, trade group memberships, postage expenses, phone expenses, office overhead and other office supply expenses. The increased costs to the OSBC will be recouped from the mortgage business industry through the fees established by K.A.R. 17-24-2. The OSBC estimates that it will be required to license an additional 800 branch office locations and register approximately 4,000 loan originators. Based on the fees established by revised K.A.R. 17-24-2, an additional \$366,400 in fee income will be generated during the first year and \$274,627 per year thereafter. The fee income from loan originator registrations will decrease by about 33 percent (\$91,773) after the first year because of the reduced renewal fee of only \$50.

A copy of the proposed regulation and the economic impact statement may be obtained by contacting Robert D. Eskildsen, Staff Attorney, Office of the State Bank Commissioner, 700 S.W. Jackson, Suite 300, Topeka, 66603, (785) 296-2266. The standard departmental cost will be assessed for any copies requested.

This 60-day notice of hearing shall constitute a public comment period for the purpose of receiving public comments on the proposed regulation. Written comments should be submitted prior to the hearing to Franklin W. Nelson, State Bank Commissioner, at the address listed above. Interested persons will be given reasonable opportunity at the hearing to present their views and arguments on the adoption of the proposed regulation. However, presentations should be in writing whenever possible.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days before the hearing by contacting Robert D. Eskildsen at (785) 296-2266, fax (785) 296-0168.

(a) "Certification" means the process whereby the reviewing entity determines that a historic structure is a qualified historic structure or that a rehabilitation plan is a qualified rehabilitation plan, or both.
- (b) "Qualified expenditures" means any of the following:
- (1) For rehabilitation of income-producing properties that qualify for the federal rehabilitation tax credit program, the costs and expenses incurred by a qualified tax-payer, as defined in L. 2001, ch. 108, sec. 1 and amendments thereto, in the restoration and preservation of a qualified historic structure pursuant to a qualified rehabilitation plan, which are defined as qualified rehabilitation expenditures by section 47(c)(2) of the federal internal revenue code as in effect July 1, 2001, and hereby adopted by reference;
- (2) for rehabilitation of income-producing properties that do not qualify for the federal rehabilitation tax credit program, the costs and expenses incurred by a qualified taxpayer in the restoration and preservation of a qualified historic structure pursuant to a qualified rehabilitation plan. These expenses shall be deemed to have been incurred when the project is certified by the reviewing entity as a completed qualified rehabilitation; or
- (3) for non-income-producing properties, the costs and expenses incurred by a qualified taxpayer in the restoration and preservation of a qualified historic structure pursuant to a qualified rehabilitation plan. These expenses shall be deemed to have been incurred when the project is certified by the reviewing entity as a completed qualified rehabilitation.
- (c) "Reviewing entity" means the state historic preservation officer or the local government official who signs an agreement with the state historic preservation office to carry out review procedures. (Authorized by and implementing L. 2001, ch. 108, sec. 1; effective, T-118-9-5-01, Sept. 5, 2001.)

- 118-5-2. Authorizing a local government as a reviewing entity. An agreement authorizing a city or county to make recommendations and to carry out review procedures under the state rehabilitation tax credit program may be entered into by the state historic preservation officer if the state historic preservation officer determines that the city or county has enacted a comprehensive local historic preservation ordinance, established a local historic preservation board or commission, and is actively engaged in a local historic preservation program. The agreement shall specify the authority delegated to the city or county by the state historic preservation officer, the requirements for those performing the responsibilities, and the manner in which the city or county will report its decisions to the state historic preservation officer. (Authorized by and implementing L. 2001, ch. 108, sec. 1; effective, T-118-9-5-01, Sept. 5, 2001.)
- 118-5-3. **Certifications.** (a) Before a rehabilitation plan may be certified by the reviewing entity as a qualified rehabilitation plan, the structure shall be certified as a qualified historic structure. Except as otherwise specified in these regulations, part 1 of the rehabilitation certification application shall be used by the reviewing entity to determine whether a structure can be certified as a qualified historic structure.
- (b) A qualified rehabilitation plan shall mean a plan that complies with the secretary of the interior's standards for rehabilitation, 36 C.F.R. Part 67, revised 1990, which is hereby adopted by reference except for 36 C.F.R. 67.7(b)(8). Except as otherwise specified in these regulations, part 2 of the rehabilitation certification application shall be used by the reviewing entity to determine whether the plan for a proposed project involving a qualified historic structure constitutes a qualified rehabilitation plan. Part 3 of the rehabilitation certification application shall be used by the reviewing entity to determine whether the applicant completed the rehabilitation as presented in part 2 of the application, which shall have been previously approved. (Authorized by and implementing L. 2001, ch. 108, sec. 1; effective, T-118-9-5-01, Sept. 5, 2001.)

- (1) Each applicant seeking the state tax credit but not the federal rehabilitation tax credit shall be the owner of the property.
- (2) Each applicant seeking both the federal and state credits shall be either the owner or long-term lessee of the property in question. Lessee expenditures shall qualify if the term of the lease is more than the recovery period of the building for depreciation as set forth in IRS regulation 26 C.F.R. 1.48-12(c)(7)(v), as in effect July 1, 2001, and hereby adopted by reference.

If adequate documentation is not provided, the applicant shall be notified of the additional information needed to undertake or complete the review.

The applicant shall submit the application to the reviewing entity.
- (2) Part 1 of the rehabilitation certification application may be submitted before submitting part 2 or at the same time as submitting part 2 of the application. However, certification of the qualified historic structure shall be required before certification of the qualified rehabilitation plan.
 - (d) Application, part 2.
- (1) Except as specified in K.A.R. 118-5-7(a)(2), to submit a request for certification of a qualified rehabilitation plan, each applicant shall complete part 2 of the rehabilitation certification application, on a form provided by the reviewing entity and according to the instructions accompanying the application. - (4) Each applicant seeking the state tax credit but not the federal rehabilitation tax credit shall submit part 2 of the application and receive the approval of the reviewing entity or state historic preservation office before commencing work.

 - (e) Application procedure, part 3.
- (1) Each applicant shall complete part 3 of the rehabilitation certification application.

To request final certification of a qualified rehabilitation plan, the applicant shall complete part 3 of the rehabilitation certification application, on a form provided by the reviewing entity and according to the instructions accompanying the application, and submit it to the reviewing entity.
- (3) Part 3 shall not be submitted for review until the rehabilitation project detailed in part 2 is completed. (Authorized by and implementing L. 2001, ch. 108, sec. 1; effective, T-118-9-5-01, Sept. 5, 2001.)

- 118-5-5. **Standards for certifying a qualified historic structure.** The following standards for certifying a qualified historic structure shall be applied by the reviewing entity.
- (a) Structures, both income-producing and non-income-producing, for which the federal rehabilitation tax credit is not sought but for which only the state tax credit is sought shall be listed on the national register of historic places or the register of Kansas historic places, or shall be certified as located in and contributing to a district listed on the national register of historic places or the register of Kansas historic places before commencing the project.
- (b) Structures that are individually listed on the national register of historic places or the register of Kansas historic places shall be deemed already certified as qualified historic structures. An applicant whose structure is already listed on the register of Kansas historic places or national register of historic places shall not be required to complete part 1 of the application.
- (c) An applicant who is also applying for the federal rehabilitation tax credit program shall not be required to complete part 1 of the application process for the state rehabilitation tax credit program.
- (d) Structures located within districts listed on the register of Kansas historic places or the national register of historic places, both income-producing and non-income-producing, for which the federal rehabilitation tax credit is not sought but for which only state tax credit is sought shall be certified as qualified historic structures within historic districts as specified in K.A.R. 118-5-6. Each applicant for a project involving one of these structures shall be required to complete part 1 of the application for the state rehabilitation tax credit program. (Authorized by and implementing L. 2001, ch. 108, sec. 1; effective, T-118-9-5-01, Sept. 5, 2001.)
- 118-5-6. Standards for certifying a qualified historic structure within a historic district. Each structure for which certification is sought that is located within a district listed on the register of historic Kansas places or national register of historic places shall be reviewed by the reviewing entity to determine if the structure contributes to the historic significance of the district by applying the following standards for evaluating significance within a registered historic district:
- (a) A structure contributing to the historic significance of a district shall be defined as one that by location, design, setting, materials, workmanship, feeling, and association adds to the district's sense of time and place, and historical development.
- (b) A structure not contributing to the historic significance of a district shall be defined as either of the following:
- (1) One that does not add to the district's sense of time and place, and historical development; or
- (2) one in which the location, design, setting, materials, workmanship, feeling, and association have been so altered or are so deteriorated that the overall integrity of the building has been irretrievably lost.
- (c) A structure that has been built within the past 50 years shall not be considered to contribute to the signifi-

cance of a district unless a strong justification concerning the structure's historical or architectural merit is given or the historical attributes of the district are considered to be less than 50 years old.

- (d) If a rehabilitation tax credit is sought, a certification of significance shall be made based on the appearance and condition of the property before the rehabilitation was begun.
- (e) If a nonhistoric surface material obscures a facade, the applicant may be required to remove a portion of the surface material before requesting certification so that a determination of historic significance can be made. After the material has been removed, if the obscured facade has retained substantial historic integrity and the property otherwise contributes to the historic district, the structure shall be determined to be a qualified historic structure. (Authorized by and implementing L. 2001, ch. 108, sec. 1; effective, T-118-9-5-01, Sept. 5, 2001.)
- 118-5-7. **Requirements for certifying a qualified rehabilitation plan.** (a)(1) For projects on structures, both income-producing and non-income-producing, for which the federal rehabilitation tax credit is not sought but for which only the state tax credit is sought, a qualified rehabilitation plan shall be certified before the applicant commences work on the structure. The applicant shall submit part 2 of the application for the state rehabilitation tax credit.
- (2) An applicant who submits part 2 of the federal historic preservation certification application shall not be required to submit part 2 of the application for the state rehabilitation tax credit program.
- (b) The following requirements shall be applied to specific rehabilitation projects in a reasonable manner, taking into consideration economic and technical feasibility.
- (1) The structure shall be used for its historic purpose or shall be placed in a new use that requires minimal change to the defining characteristics of the structure and its site and environment.
- (2) The historic character of the structure shall be retained and preserved. The removal of historic materials or alteration of features and spaces that characterize the structure shall be avoided.
- (3) Each structure shall be recognized as a physical record of its time, place, and use. Changes that create a false sense of historic development, including adding conjectural features or architectural elements from other buildings, shall not be undertaken.
- (4) Most structures change over time; however, those changes that have acquired historic significance in their own right shall be retained and preserved.
- (5) Distinctive features, finishes, and construction techniques or examples of craftsmanship that characterize the historic structure shall be preserved.
- (6) Deteriorated historic features shall be repaired rather than replaced. If the severity of deterioration requires replacement of a distinctive feature, the new feature shall match the old in design, color, texture, and other visual qualities and, if possible, materials. Replacement of missing features shall be substantiated by documentary, physical, or pictorial evidence.
- (7) Chemical or physical treatments, including sandblasting, that cause damage to historic materials shall not

- be used. The surface cleaning of structures, if appropriate, shall be undertaken using the gentlest means possible.
- (8) New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize a structure. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the structure and its environment.
- (9) New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic structure and its environment would be unimpaired.
- (c) All elements of the rehabilitation project shall meet the secretary of the interior's nine standards for rehabilitation adopted by reference in K.A.R. 118-5-3 (b); portions of the rehabilitation project not in conformance with the standards shall not be exempted. An owner undertaking a rehabilitation project shall not be held responsible for prior rehabilitation work that is not part of the current project, or for rehabilitation work that was undertaken by previous owners or third parties.
- (d) Conformance to the standards shall be determined on the basis of the application documentation and other available information by evaluating the structure as it existed before the commencement of the rehabilitation project, regardless of when the structure becomes a certified historic structure.
- (e) If necessary documentation is not provided, review and evaluation shall not be completed, and a denial of certification shall be issued on the basis of lack of information. Because the circumstances of each rehabilitation project are unique to the particular historic structure, certifications that have been granted to other rehabilitation projects shall not be deemed relevant and shall not be relied on by applicants as relevant to other projects.
- (f) A project shall not be certified as a qualified rehabilitation until the project is completed and so designated by the reviewing entity. A determination that the completed rehabilitation of a structure not yet designated a qualified historic structure meets the secretary's standards for rehabilitation shall not constitute a certification of rehabilitation.
- (g) A rehabilitation project for certification purposes shall encompass all work on the interior and exterior of the qualified historic structure or structures and the site and environment, as well as related demolition, new construction, or rehabilitation work that may affect the historic qualities, integrity of the site, landscape features, and environment of the certified historic structure or structures.
- (h) For rehabilitation projects involving more than one certified historic structure in which the structures are judged by the reviewing entity to have been functionally related historically to serve an overall purpose, including a mill complex or a residence and carriage house, rehabilitation certification shall be determined based on the merits of the overall project rather than for each structure or individual component. For rehabilitation projects in which there is no historic functional relationship between or among the structures, the certification decision shall be made for each separate certified historic structure regard-

less of how they are grouped for ownership or development purposes.

- (i) Demolition of a structure as part of a rehabilitation project involving multiple structures may result in denial of certification of the rehabilitation plan. In projects in which there is no historic functional relationship between or among the structures being rehabilitated, related new construction that physically expands one certified historic structure undergoing rehabilitation and, therefore, directly causes the demolition of an adjacent structure shall result in denial of certification of the rehabilitation plan unless a determination has been made that the building to be demolished is not a certified historic structure. In rehabilitation projects in which the structures have been determined to be functionally related historically, demolition of a component may be approved if one of the following conditions is met:
- (1) The component is outside the period of significance of the structure or district.

(2) The component is so deteriorated or altered that its integrity has been irretrievably lost.

(3) The component is a secondary one that is deemed to lack historic, engineering, or architectural significance or does not occupy a major portion of the site, and persuasive evidence is present to show that retention of the component is not technically or economically feasible.

(j) In situations involving rehabilitation of a certified historic structure in a historic district, the rehabilitation project shall be reviewed by the reviewing entity first as it affects the certified historic structure and second as it affects the district. A certification decision shall be made

by the reviewing entity accordingly.

- (k) Upon the reviewing entity's receipt of the complete application describing the rehabilitation project, a determination of whether the project is consistent with the standards for rehabilitation shall be made by the reviewing entity. If the project does not meet the standards for rehabilitation, the applicant shall be advised of that fact in writing and, if possible, shall be advised of necessary revisions to meet these standards.
- (l) Once a proposed or ongoing project has been approved, the applicant shall promptly submit to the reviewing entity, in writing, any substantive changes to the rehabilitation plan that the applicant proposes to make. The applicant shall be notified by the reviewing entity, in writing, of whether the proposed changes to the rehabilitation plan may be certified.

(m) If a proposed, ongoing, or completed rehabilitation does not meet the standards for rehabilitation, an explanatory letter shall be sent to the applicant.

- (n) Each applicant shall submit part 3 of the rehabilitation certification application for the state rehabilitation tax credit program as specified in K.A.R. 118-5-4. (Authorized by and implementing L. 2001, ch. 108, sec. 1; effective, T-118-9-5-01, Sept. 5, 2001.)
- 118-5-8. **Rehabilitation project phases.** (a) There shall be no phased projects under the state rehabilitation tax credit program. For purposes of the state rehabilitation tax credit program, each phase of a phased federal rehabilitation tax credit project shall be considered a separate project.
- (b) A separate rehabilitation certification application shall be required for each phase of a project that is certi-

fied through the federal rehabilitation tax credit program as a phased project. The qualified rehabilitation expenditures for each phase shall equal or exceed \$5,000. (Authorized by and implementing L. 2001, ch. 108, sec. 1; effective, T-118-9-5-01, Sept. 5, 2001.)

- 118-5-9. **Review.** (a)(1) The owner, or duly authorized representative as appropriate, may appeal any denial of certification made according to this article. Each appeal shall be submitted in writing and received by the division director of the cultural resources division of the Kansas state historical society, within 30 days of the owner's receipt of the decision that is the subject of the appeal. The appellant may request an opportunity for a meeting to discuss the appeal, but all information that the appellant wishes the division director to consider shall be submitted in writing.
- (2) The record of the decision in question, any further written submissions by the appellant, and other available information shall be considered by the division director. The appellant shall be provided with a written decision as promptly as circumstances permit.
- (b) In considering each appeal, alleged errors in professional judgment or alleged prejudicial procedural errors by cultural resources division officials may be taken into account by the division director. The division director's decision shall consist of either of the following:

(1) A reversal of the appealed decision; or (2) an affirmation of the appealed decision.

The division director's decision may be based in whole or part on matters or factors not discussed in the decision appealed. Authorization to issue the certifications specified in this article shall rest with the division director if the division director determines that the requested certification meets the applicable statutory standards set forth in this article. (Authorized by and implementing L. 2001, ch. 108, sec. 1; effective, T-118-9-5-01, Sept. 5, 2001.)

- 118-5-10. **Fees.** (a) The fees specified in subsection (b) shall be charged for reviewing rehabilitation certification applications.
- (b) Payment shall not be made until requested by the reviewing entity. A certification decision shall not be issued on an application until the appropriate remittance is received. Each fee shall be nonrefundable.

| Amount of qualified expenditures | Fee amount |
|----------------------------------|------------|
| expenditures | ree amount |
| \$5,000—\$25,000 | \$100 |
| \$25,001—\$50,000 | \$200 |

(c) Each rehabilitation of a separate qualified historic structure shall be considered a separate project for purposes of computing the fee. (Authorized by and implementing L. 2001, ch. 108, sec. 1; effective, T-118-9-5-01, Sept. 5, 2001.)

- (d) costs for the land spreading of agricultural chemicals as approved by the Kansas department of agriculture, which shall be reimbursed at the custom rate as determined by the local farm service administration office, but not to exceed \$.50 per cubic yard per acre;
- (e) normal employee wages, salaries, expenses, or fringe benefit allocations for time that the eligible party's employees actually spend on a corrective action;
- (f) the cost of qualified professional services needed for the effective planning and implementation of corrective action, including engineering, hydrogeologic, field technician, hazardous waste disposal, and general contractor services;
- (g) costs related to the investigation and source identification, including collecting and analyzing soil samples and groundwater. These costs may include costs for soil boring, installation of monitoring wells, sample collection, sample analysis, and related activities;
- (h) costs to excavate contaminated soils and other contaminated media, including backfilling and grading to restore the contours or drainage characteristics of land altered by the corrective action. Reimbursement of normal employee wages, salaries, expenses, or fringe benefit allocation for time that any employee, other than officers, spends implementing a corrective action may be allowed by the board;

If, for any combined project, an eligible person also submits a reimbursement claim to another governmental agency, the cost allocation shall reflect that submission so that this may be taken into account by the board when determining eligibility of the costs;
